Quick Advance™

asai
Automated Systems America, Inc.

Introducing **Quick Advance**!

A revolutionary new software package for your 720-G and CashStream kiosks. Significantly enhance your Cash Access Touchpoints to allow for Cash Advance dispensing right at the Kiosk. The Quick Advance software allows your guests to completely skip a trip to the cage to complete a Cash Advance transaction.

A **Quick Advance** enabled kiosk combines the Guest and Cashier portions of the Cash Advance Transaction into an easy-to-complete transaction flow that occurs entirely on the kiosk itself. From card swipe to dispense, the guest remains in one place — closer to the gaming action and out of your Cage lines.

→ Cash Advance Transactions both initiated and dispensed at the Kiosk

→ Heightened service opportunities as Guest and Cashier interact like never before

→ A single Cashier can easily service multiple guests at once

→ Drastically reduces lines at the Cage

→ Increase ROI from your kiosks with significant labor savings and enhanced Guest experience.

Take your full-function kiosks to the next level. **Quick Advance** enabled terminals can perform the full-range of Cash Access services- ATM, Check Cashing, Bill Breaking and Ticket Redemption. Everything your 720-G and CashStream kiosks do today, with the added bonus of a complete Cash Advance dispense.

If you're looking for an easy way to build your customer service relationships, save money, cut down on labor, and get your players back on the floor quickly, there is no easier way to do this than adding a **Quick Advance** enabled kiosk to your property.
